Attempt to Invite a Revival of

MONEY MARKET IS PUZZLING

Engagements of Gold for Export, but it is Believed That \$2,000. 000 Will Go Thursday.

(By Associated Press.)

NEW YORK, July 29.—To-day's stock marker did not show as much positive weakness early as was the case yesterday. market did not show as much positive weakness early as was the case yesterday, and there was even some attempt to invite a revival of specuration for the rise. But this proved abortive, and the tone of the market became decidedly weak late in the day. The attempt to revive speculation turned to a few low-priced stocks, apparently on the supposition that a campaign in these stocks would prove more attractive to the general public than in the high-priced stocks. The movement recovered itself after an advance of something over a point in Reading and in Chicago and Great Western, with a slight sympathetic effect in allied stocks. News of disorders in the mining region seems to be construed as evidence that the coal miners' strike was in course of disintegration. No definite announcement was made of further engagements of gold for export, but it was generally believed that at least two millions more will go out on Thursday. The movement continues to puzzle observers, more or less. Large obligations to foreigners are known to be maturing constantly. It is also clear enough that the restricted volume of exports has left but scantly supply of exchange bills for remittance. But there is the same discrepancy in the money rates here and abroad that there was when enough that the restricted volume of exports has left but scantly supply of exchange bills for remittance. But there is
the same discrepancy in the money rates
here and abroad that there was when
these foreign loans were negotiated.
Money is now declining both in Berlin and
in Paris and is rising here, without availing to check the calling home of credits
which necessitates the gold shipments.
The renewal of the feverish tone of Rock
Island had much to do with the undertone
of weakness of stocks. The delay in the
formal announcement of the details of
the plan gives rise to some apprehension
of changes. The criticism of the plan
turns on the feature which proposes to
convert stock into foreclosure bonds. Late
in the day the bears were encouraged
by the fallure of various attempts to put
tup prices to make a determined attack.
The scramble among the shorts to cover
under which the market yielded sharply.

COTTON MARKETS.

NEW YORK, July 29.—The cotton market opened steady with prices 2 points higher to 1 point lower, and then worked upward on moderately active demand for shorts, some foreign buying of August and what appeared to be profit-taking by prominent Wall Street interests. This buying was induced in good part by reports that floods were general in the Brazos Valley and other districts of Texas, where heavy rains occurred last night. The early Liverpool cables were very disappointing, and private telegrams from the belt in general reported a fine outlook for a bumper yield. Yet the fear of possible damage to the Texas crop induced the smaller shorts to retreat and changed to attitude of larger bears from the offensive to the defensive.

Toward mid-day the scare subsided somewhat and prices settled back several points. The weekly crop weather report of the Government failed to influence the market appreciably either way. Toward the close there was another sharp buying movement, on which prices worked up to the best figures of the morning, and business broadened materially. The close was steady, prices net 167 points higher. Total sales were estimated at 200,000 bales. Liverpool was, a buyer of August all day. The South sold early, but later turned buyer. NEW YORK, July 29.—COFFEE—The market for coffee futures opened steady with prices 5 points higher to 5 points lower, the advance being in July only on covering demand, inspired by the firmer Brazil markets. CHICAGO MARKET.

CHICAGO, ILL., July 29.—Bears were in full control of all grain markets most of the day. The decline was not confined to manipulated options, but the whole grain list. Wheat, corn, oats and rye in all months went lower under the smothering weight of big receipts and prospects of immense coarse grain crops. In July, where sensational drops were expected, the hears were somewhat disappointed. On the other deliveries, however, where prices were considered on a fair commercial basis, the drops were sudden and disastrous to the bulls, and in all quite astonishing. Toward the close a reaction set in in most grains especially in July oats, which had lost 5c. In the end July wheat lost \$\frac{1}{2}C.\$ September wheat \$\frac{1}{2}G.\$ and September oats \$\frac{3}{3}C.\$ July oats closed 2c. higher and provisions closed \$\frac{5}{2}C.\$ down.

Arrested in Baltimore.

Arrested in Baltimore.

News reached Richmond vesterday morning to the effect that J. M. De Camp, alias J. M. Rand, wanted here for passing worthless checks, has been arrested in Baltimore for indulging in the same practice. The arrest in Baltimore was brought about by Captain Tomlinson, who notified the authorities of that city that such a man was wanted in Richmond.

After standing trial in Baltimore and serving time, if convicted, Rand, or De Camp, will be brought to Richmond and placed on frial here for his alleged wrong doing.

Case Was Postponed. At the request of counsel for the de-fendant, the case against Girolom's bar, corner Franklin and Fifteenth Streets, was postponed until Saturday by Soulre Graves yesterday morning.

STOCK PRICES TAKE A TUMBLE

A Selling Movement Sets in Which Depresses Everything.

CONDITIONS ARE FAVORABLE

And Some Think That the Market Will Be the Better for the Shaking Out of the Weak

Accounts.

The stock market had a decided set-back yesterday. The market opened fairly steady, but soon after the opening de clines were the rule. But with the decline came a dull market, and sales were com-paratively few. There was little or no pressure upon the market, and about 2 o'clock there seemed to be a disposition to rally. But soon after that time a very decided selling movement set in, and the market became very weak. The chief suf-

decided selling movement set in, and the market became very weak. The chief surferers were St. Paul, Pennsylvania, Norfolk and Western, Louisville and Chesapeake and Ohio, Baltimore and Ohio and Union Pacific. St. Paul lost two points, and Louisville and Nashville more than two from the highest. Pennsylvania went as low as 188½, after having sold at 189, and Norfolk and Western, which sold up to 64½ on Monday and 64¼ yesterday, went down to 62½. Chesapeake and Ohio, which has sold at 54, dropped to 52½.

COAST LINE TUMBLES.

Atlantic Coast Line Had a terrific fall yesterday. A few days ago it sold as high as 175; yesterday it went down to 180. This stock was boomed recently on the rumor that the Atlantic Coast Line was to absorb the Louisville and Nashville line, and when that story was denied it was quite natural for the stock to slump. Atlantic Coast Line of Connecticut is still very strong, however, and it can be sold at 230, but none is offered on this market.

THE COUNTRY ALL RIGHT.
There is nothing the matter with business conditions. The country is very prosperous and stocks are worth as much now as they were the other day when everybody was bullish, but the market had been manipulated for a purpose, and those who had put the prices up took advantage of the exports of gold to put prices down.
